Performance & Competitive pricing

For over 100 years C Jackson & Sons have been at the forefront of case manufacturing, so we think we know a thing or two about wood and its characteristics.

These display and merchandising units are the latest in a range of tables and stands that have proven strength with maximum display area.

Our craftsmen can construct units to almost any specification and are adept at working to budgets or providing solutions that meet a particular build quality.

Our merchandising units can be found in many of the UK's leading stores, in both the trade and retail sectors - testament to their suitability and cost effectiveness.
